

Durolight

Anti-vandal luminaires that withstand highly forceful impact while nevertheless operating reliably.

- Antiligature shape. In the case of Durolight, this means: 1.- Round corners (no sharp edges); 2.- Difficult access to the interior of the fitting; 3.- Tight space between fitting case and wall
- Highest IK rating: IK10 170Joules. Even during and after an act of vandalism, the light must not switch off but illuminate the area reliably
- Special Snake-Eye screws, a favourite of architects & designers in view of their aesthetic appearance. They provide a simple way to deter thieves and vandals and offer a practical solution to the problem of unauthorised relocation of items
- Gear tray replaceability: Rather than a contractor changing/replacing the whole fitting, here is an option to replace just the gear tray and leave the fitting installed, therefore saving valuable time

Photographs, line drawings and photometric data are representative only. For specific product detail please select an individual product.

96630885

Material/Finish

Body: 2mm sheet steel, painted white (RAL 9016)

Gasket: non-ageing polyurethane foam

Diffuser: impact resistant (3mm thick) opal polycarbonate Screws: tamper-resistant stainless steel, twin hole.

Installation/Mounting

Suitable for ceiling or wall installation with 4 fixing points

Approved for indoor use or in outdoor areas, protected by a roof. For areas endangered by deliberate or accidental destruction.

Specification

To specify state:

Anti-vandal LED luminaire for surface (wall or ceiling), recessed or corner mounting, in two lengths with lumen output up to 5400lm in two colour temperatures (3000/4000 K). Emergency and dimming options.

As Thorn Durolight
