

Distinctive and elegant, Contrast range emphasises modern architecture and urban environment

- The entire family appears in a consistent and long-lasting modern design. With the monochrome black front face, the design of the Contrast cites the typical attributes of powerful optical instruments.
- From compact 4 LED spotlight to powerful 52 LED floodlight, Contrast offers a large choice of colour temperature from very warm 2200K to 4000K, balanced white and RGBW to reach the perfect colour.
- An easy control of the light with DALI2 for whites and RDMX for RGBW. You can also select manual dimming with a discreet push button or bluetooth wireless dimming to manage your installation from your smartphone.
- The 4LED mini Contrast is very compact with an integrated driver (whites only) and a single lens to achieve great colour mixing.
- · Contrast is available with narrow to ultra wide beam angles, elliptical and asymmetrical beams. A great choice of nicely designed accessories can be added on site: rotative film diffusers to enlarge the choice of beam angles; honey comb, louvre and visor.
- Installation on pole is simplified with a dedicated pole mounting interface specifically designed for 12 LED Contrast.
