

Combination of suspended light inserts

- Ready configured complete luminaire consists of the combination of Supersystem integral light inserts: 2x Synchro Gimbal 6x, 1x Direct Linear, 1x Indirect Linear
- Consistent appearance due to lateral covering of the 3-phase/L3+DALI tracks and the SUPERSYSTEM integral light inserts in the H channel profile
- Defined light emission for glare-free light distribution in accordance with EN 12464-2011 with UGR < 19
- Housing made of extruded aluminium profile, black or white powder-coated, silver as variant
- Intuitive height adjustment via patented suspension mechanism, maximum suspension length 3m
- Simple tool-free mounting of the light inserts
- Total length: 2500mm
- Connected load: 13W, 21W or 27W
- Service life: 50000 h at 80 % luminous flux
- Colour temperature: 3000 K (LED830: warm white) or 4000 K (LED840: intermediate)
- Colour rendering index: Ra 90
- Colour tolerance: initial MacAdam 2
- Luminaire luminous flux: 1800 lm / 2000 lm / 2300 lm
- Mains voltage: 220–240 V 50/60 Hz

Designer: EOOS
