SIMILO

Assimilated surface lighting

SIMILO – ELEGANT LIGHTING INTEGRATION FOR BUILDINGS AND PROMENADES

SLIM & TRIM REJUVENATION

Similo represents a new concept in outdoor lighting. As a recessed/not-recessed wall-mounted luminaire with an extremely thin profile and integrated driver, it assimilates seamlessly with building surrounds and promenades. Similo is the ideal solution for rejuvenating exterior spaces with minimal effort.

PLEASANT VISUAL GUIDANCE

Elegant in its design, Similo discretely accentuates and defines building contours and pathways to provide clear guidance – without any glare. Its uniform light distribution provides a pleasant luminous ambience offering comfort and assurance.

DIFFERENT DESIGNS

With its sharp contours and high-quality finish, Similo easily integrates with all types of wall surfaces. Available in various sizes and shapes (round, square and rectangular), it is able to accommodate wide-ranging aesthetic design needs.
